

Petroleum Experts Limited provides MOVE software licenses to Earth Sciences Department

Petroleum Experts Ltd (Petex) has kindly granted to University of Torino - Earth Sciences Department (DST) 10 annual licenses of the MOVE Suite software corresponding to the commercial value of **£ 1,872,217.38 pounds**, for research and teaching purposes.

The software suite include the following free of charge softwares:

10 complete licenses of:

MOVE

2D Kinematic Modelling

3D Kinematic Modelling

Geomechanical Modelling

Fracture Modelling

Fault Response Modelling

Fault Analysis

Stress Analysis

MOVE Link for Petrel

MOVE Link for OpenWorks

MOVE Link for GST.

We are grateful to Petroleum Experts Ltd for the renewed support for 2023.

Petex is a petroleum engineering and structural geology company, developing a wide range of software tools. The Move suite provides a digital environment for structural modelling to reduce risk and uncertainty in geological models. It provides a platform for integrating and interpreting data, cross-section construction, 3D model building, kinematic restoration and validation, geomechanical modelling, fracture modelling, fault response modelling, and fault and stress analysis.
